Cold Cathode Compartment Light

The economical alternative to LEDs

Perfect for interior trunk or compartment applications, or exterior applications like pump panels or ground lighting.

Can be mounted horizontally or vertically. Slim profile designed to fit into tight spaces.

High quality lens will not yellow or break under normal impact.

Introducing the new "Cold Cathode" Compartment light

- Another breakthrough lighting technology from Havis-Shields
- Super efficient, cold cathode fluorescent technology features:
- Nearly endless 18,000 hour lamp life
- "Daylight" quality 4500K color temperature light
- Draws only 0.6 amps at room Temperature, 1.6 amp max
- Instant "on", reaches full light output in seconds in all environments
- Low profile, space saving design (14"L, 1"W, 1.94"H)
- High quality lens will not yellow or break under normal impact
- Perfect for interior trunk or compartment applications, or exterior applications like pump panels or ground lighting.
- 5-year complete fixture warranty

KR-CCL-1-WP

KR-CCL-2-WP

KR-CCL-3-WP

Part Number	Description
KR-CCL-1-WP	Cold Cathode Compartment Surface Mount Light with 12" Lead and Switch
KR-CCL-2-WP	Cold Cathode Compartment Surface Mount Light with Dual Wire Leads and Connectors
KR-CCL-3-WP	Cold Cathode Compartment Surface Mount Light with no Switch

NEW

Cold Cathode Compartment Light

**NEW Waterproof design &
stronger high-impact lens**

- **Water-proof** – The new KR-CCL-X-WP provides day-light quality light in areas exposed to the elements and dampness such as:
 - o Pump house
 - o Rub rails
 - o Under carriage
 - o “Coffin” storage boxes
- **Reduce B.O.M. costs** - Most quality LEDs cost over \$100+/linear foot while producing less usable light. Reduce BOM cost nearly 50% when using the KR-CCL-X-WP.
- **Improve life cycle costs** – Halogen bulbs quickly burn out and need replaced. The KR-CCL-X-WP is rated at 18,000 hours. No need to stock replacement bulbs or make trips to the hardware store!
- **Warranty** – 5-year “bumper-to-bumper” warranty.
